

you elicits from
learning cannot
yesterday
Dearson Ennaut:
Sunday, Feb 11-45

Your call from
Sacramento was such a
surprise to all of us. I had
been at the U D & all Friday
afternoon, Dad & I had just
gotten home & I was getting
dinner when your call
came. It seemed so good to
hear your voice again.
I have been wondering all
day today where you are.

I was so happy to hear
you say the Chaplain had
blessed your plane, how
he do that for every plane.
I suppose he has the Hebrew
Bible on board with him,
my - my prayers now are
that Almighty God & His
Blessed Mother will keep
you in their care through it

all - don't pass up any chance to go to
Mass + Holy Communion - I know you work
here or home going to Mass + Holy Communion
for you every morning -)

Your requests for fruit juices will be
attended to when we get your new address.
will have to find out what weights is
allowed, perhaps we can send very many
at one time but frequently if you will
express the things when you write.

Jack was sorry to miss you Friday - he is
working so hard on their entertainments
for next Thurs. evening. I am sure it
is going to be splendid. This afternoon he is
practising at Mr. Bari's home for their
appearance on the Tuesday Music Club
this week. He is his job - so he is a busy
boy all the time. He will write after the big
show. I saw Jim Talbot Friday - he came
in the U.S. - was asking all about you. He
is being married today to Duane Austin,
expects to start training now on his
plane, altho he doesn't know whether it
will be a B29 or B19 - he looks fine - a
2nd Lieut. also.

I also received a call from Horrie Lyon
nite, he is being assigned to Langley
field so I suppose he will be packing &
leaving before long - it will be a rather
expensive trip for Uncle Leo but he seems
to be the only one to go with him.

for now when Ann's car will
do almost the help situation,
she may be able to get Rose's
every day. She surely will need
somebody - & when Annie goes
overseas of course her will
be back.

The K of C's are having their
initiation today & Dad has
been attending - they are
having a banquet to raise
& we are going with Frank &
Mrs M. D. D. D.

Mary Ann went shopping
yesterday for her valentines.
She has been busy addressing
them, ran short so resorted
to the old custom of getting
last year's valentines & rubbing
out names & re-addressing them.
Remember when you used to
do that - that is something to
really pay to save from year
to year. Much love now & write
big mother. Hope your letter
finally catches up with you. Love
